(DEADLINE TO REGISTER IS AUGUST 4 BY 5:00PM)

*Feeling overwhelmed as an elected official or staff member? Rising costs and limited funds affecting your agency?* Whether you are a new employee or a seasoned board member, this free webinar is perfect for you.

**Purpose of Webinar:** Now that it seems like public agencies are going back to "normal" – it may be a good time to freshen up on all the current and new responsibilities assigned to special districts. This webinar will provide an overview of best practices that will help your district be more efficient. You will also learn about the roles of a board member and staff, discover how policies can be used as effective tools, and hear about the laws that directly affect your agency.
